

RESPONSES OF TESTED PROMPTS:

USE-CASE 1 PROMPT:

Write a formal reply email from the Ministry of Education to a student who is asking why their scholarship has not yet been granted, even though they applied a few months ago. Explain that the process takes time because the submitted documents must first be verified, and then the Ministry needs to receive confirmation from the student's university before the scholarship can be approved. Apologize for the delay, reassure the student that their application is being processed, and ask them to wait patiently. Keep the email under 150 words. Use a professional tone with a proper greeting, closing, and official email format.

RESPONSE: Here is a professional email that meets your requirements (under 150 words):

Dear Student,

Thank you for contacting the Ministry of Education regarding your scholarship application.

We understand your concern about the delay and sincerely apologize for the inconvenience. Please note that the scholarship approval process requires careful verification of all submitted documents. In addition, the Ministry must receive official confirmation from your university before the application can be finalized and approved.

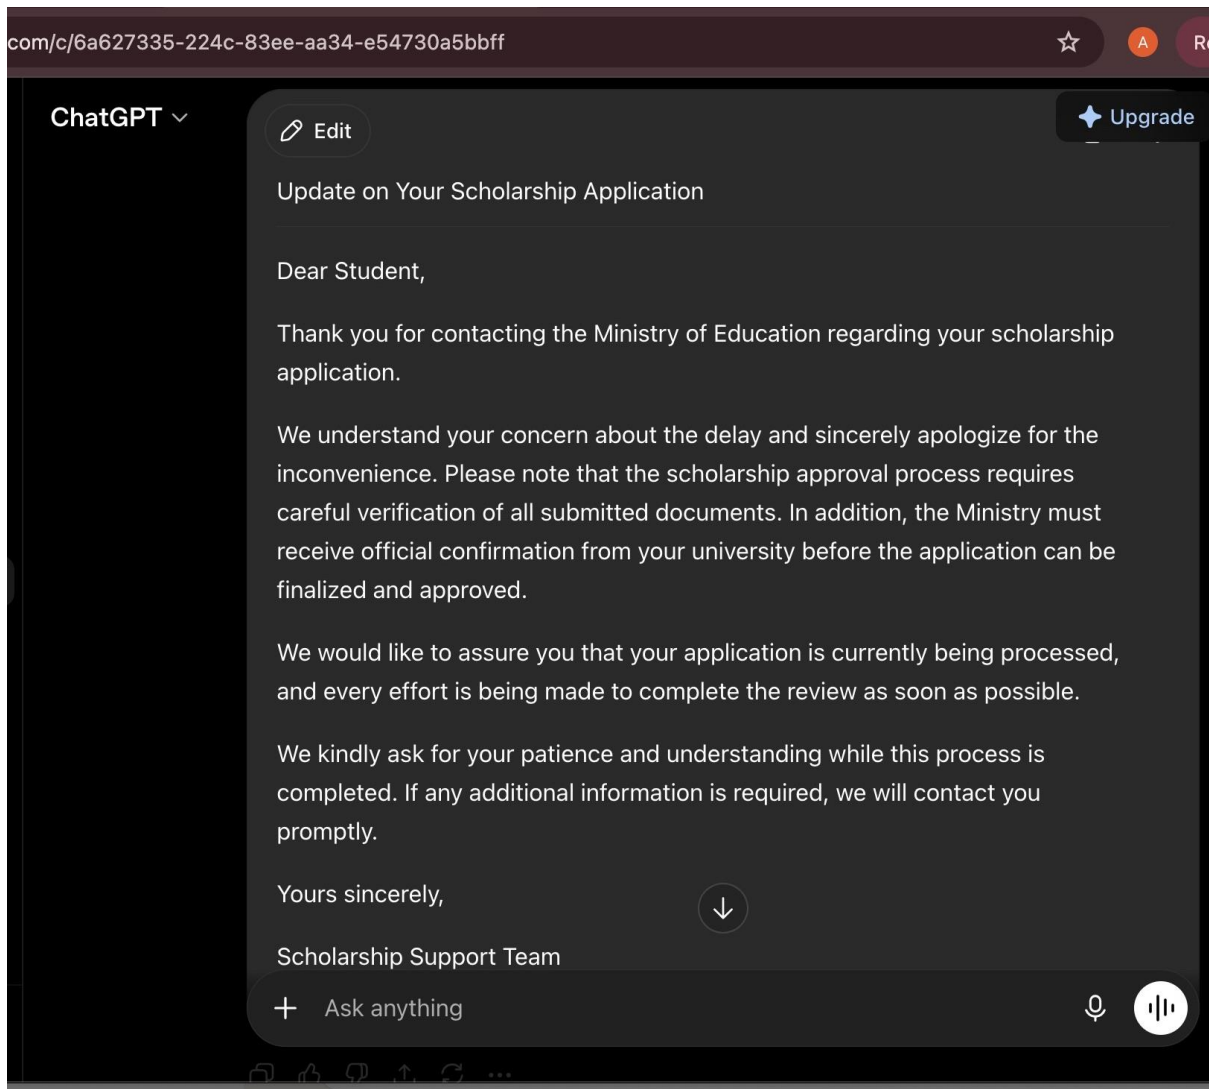

We would like to assure you that your application is currently being processed, and every effort is being made to complete the review as soon as possible.

We kindly ask for your patience and understanding while this process is completed. If any additional information is required, we will contact you promptly.

Yours sincerely,

Scholarship Support Team

Ministry of Education

USE-CASE 2 PROMPT:

Summarize this quarterly budget report. Organize the summary with headings for each department. Include the page number for every key statistic. If any section, chart, or appendix was not included in this summary, state that explicitly at the end. Keep the summary under 400 words and end it with a short conclusion.

RESPONSE:

School Operations

- **Allocated Budget: PKR 180,000,000 (Page 2)**
- **Actual Spending: PKR 168,300,000 (Page 2)**
- **Utilization: 93.5% (Page 2)**

School Operations remained close to its planned budget, with spending mainly covering salaries, utilities, and school supplies.

Teacher Training & Development

- **Allocated Budget: PKR 70,000,000 (Page 2)**
- **Actual Spending: PKR 76,200,000 (Page 2)**
- **Utilization: 108.9% (Page 2)**

This department exceeded its budget because of an unplanned digital literacy training program that trained **1,200 teachers (Page 3)**.

Infrastructure & Maintenance

- **Allocated Budget: PKR 140,000,000 (Page 2)**
- **Actual Spending: PKR 98,500,000 (Page 2)**
- **Utilization: 70.4% (Page 2)**

This department had the largest underspend because contractor agreements for two school renovation projects were delayed and moved to Q3. The variance was **PKR 41.5 million below allocation (Page 4)**.

Curriculum & Examinations

- **Allocated Budget: PKR 60,000,000 (Page 2)**
- **Actual Spending: PKR 48,500,000 (Page 2)**
- **Utilization: 80.8% (Page 2)**

The department spent less than planned because textbook printing costs were reduced after negotiating a new supplier contract.

Overall Department Performance

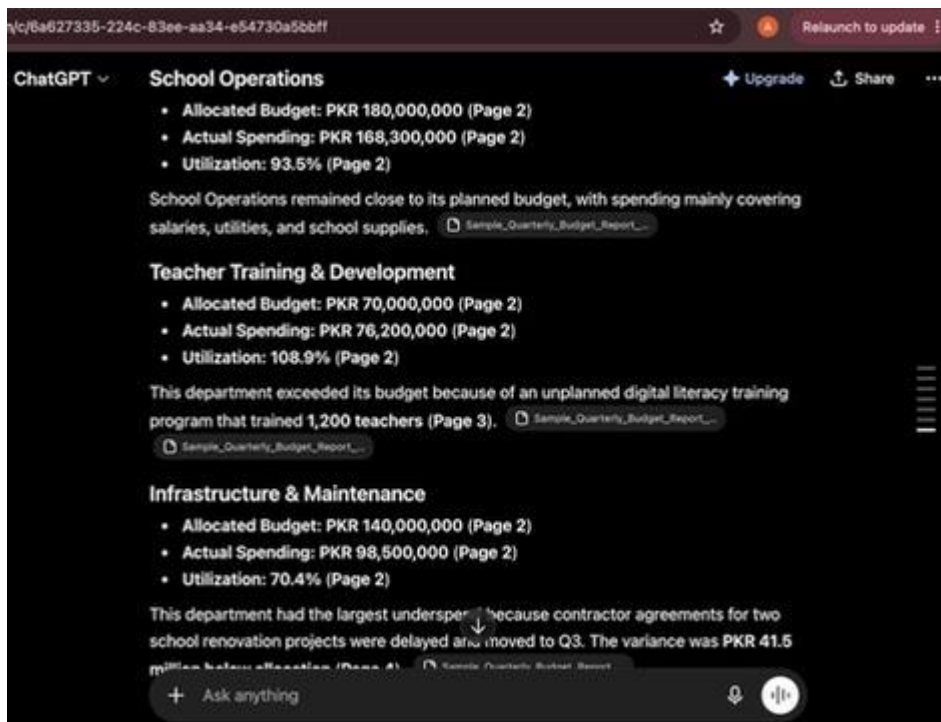

- **Total Quarterly Budget: PKR 450,000,000 (Page 1)**
- **Total Spending: PKR 391,500,000 (Page 1)**
- **Overall Utilization Rate: 87% (Page 1)**
- **Remaining Balance: PKR 58,500,000 (Page 1)**

The department maintained good budget control overall, although infrastructure delays and additional teacher training costs were the main reasons for budget variance.

Conclusion

The Department of Education achieved **87% budget utilization** while keeping most operational activities on track. The main areas requiring attention in the next quarter are completing delayed infrastructure projects and managing unplanned training expenses.

Not included in this summary: The detailed **Spending Breakdown by Category** (Page 3), **Departmental Statistics** (Page 3), **Risks & Challenges** (Page 4), **Recommendations** (Page 4), and no charts or appendices were included in the source document.

USE-CASE 3 PROMPT:

Read this meeting transcript and convert it into formal meeting minutes. Include the meeting title (if available), date (if mentioned), attendees, topics discussed, key decisions, action items with the responsible person and deadline (if mentioned), and a summary of the important points discussed by each attendee. Use professional English, organize the information under clear headings, and present the important points in bullet form. Do not add any information that is not mentioned in the transcript.

RESPONSE:

Meeting Minutes

Meeting Title

Internal Briefing – Education Department (Zonal Office)

Date

July 20, 2026

Time

11:00 AM – 11:45 AM

Attendees

- M. Rizwan – Zonal Director
- S. Fatima – Admin Officer
- A. Noman – Infrastructure Coordinator
- H. Bilal – Finance Officer

Topics Discussed

- School renovation project updates
- Safety concerns at Government Girls School, Sector 9
- Teacher training budget overspend
- Quarterly report documentation
- Vacant teaching positions and recruitment planning
- Next meeting schedule

Key Decisions

- The delayed renovation projects should be finalized as soon as possible.
- The broken boundary wall at Government Girls School, Sector 9, was added to the priority list for inspection.
- The teacher training budget overspend will be documented in the quarterly report.
- Recruitment planning for vacant teaching positions will be treated as a priority next month.
- The team will reconvene at the same time the following week.

Action Items

Action Item	Responsible Person	Deadline
Follow up with the contractor and attempt to finalize the renovation agreement.	A. Noman	By Friday
Include the boundary wall issue at Government Girls School, Sector 9, in this week's site visit.	A. Noman	This week's site visit
Prepare a note explaining the teacher training budget overspend for the quarterly report.	H. Bilal	By Wednesday
Draft a basic recruitment timeline for vacant teaching positions and share it with the Zonal Director.	S. Fatima	End of next week

Summary of Important Points by Attendee

M. Rizwan (Zonal Director)

- Requested an update on the school renovation projects.
- Directed that the delayed renovation work be finalized promptly.
- Added the boundary wall issue to the priority list.
- Approved documenting the teacher training overspend in the quarterly report.
- Prioritized recruitment planning for the next month.
- Scheduled the next meeting for the same time the following week.

A. Noman (Infrastructure Coordinator)

- Reported delays in two renovation projects due to an unsigned contractor agreement.
- Committed to following up with the contractor and aiming to complete the agreement by Friday.
- Agreed to include the boundary wall issue in the current week's site visit.

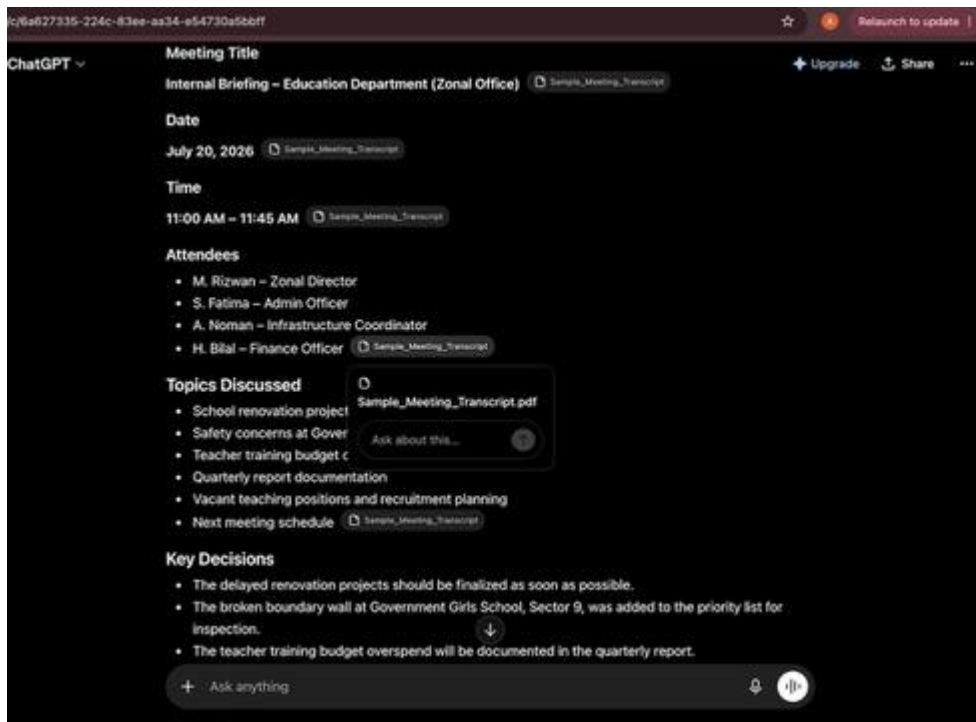

S. Fatima (Admin Officer)

- Reported two parent complaints regarding a broken boundary wall at Government Girls School, Sector 9.
- Highlighted that there are 1,120 vacant teaching posts across the zone.
- Agreed to prepare a recruitment timeline by the end of the following week.

H. Bilal (Finance Officer)

- Reported an overspend of approximately **6.2 million** on teacher training due to the mid-quarter digital literacy drive.

- Agreed to prepare a supporting note for the quarterly report by Wednesday.

USE-CASE 4 PROMPT:

Read this attach document and answer this question : What was the total utilization rate this quarter, and what are the department's recommendations? List the recommendations in bullet points.

RESPONSE:

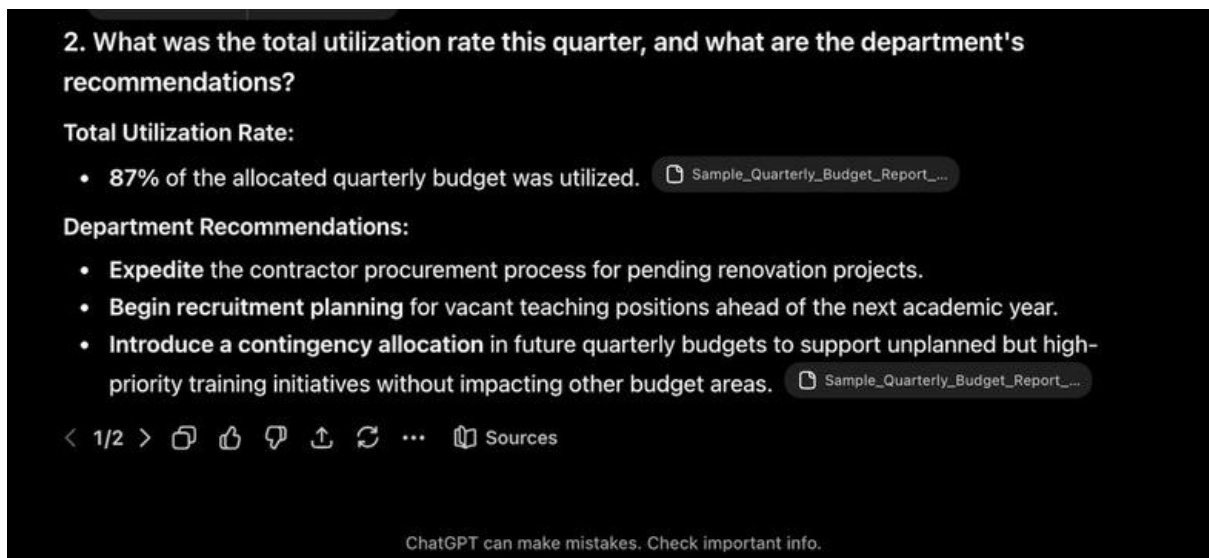

What was the total utilization rate this quarter, and what are the department's recommendations?

Total Utilization Rate:

- **87%** of the allocated quarterly budget was utilized.

Department Recommendations:

- **Expedite** the contractor procurement process for pending renovation projects.
- **Begin recruitment planning** for vacant teaching positions ahead of the next academic year.
- **Introduce a contingency allocation** in future quarterly budgets to support unplanned but high-priority training initiatives without impacting other budget areas.

USE-CASE 5 PROMPT:

Suggest 5 simple and practical ideas to improve waste collection and cleanliness in a city. For each idea, write one short explanation and mention whether it is low, medium, or high cost and whether it is easy or difficult to implement.

RESPONSE:

Idea	Short Explanation	Cost	Implementation
Install more public trash bins	Place additional trash bins in busy streets, parks, and markets to reduce littering.	Low	Easy
Increase waste collection frequency	Collect garbage more often in high-population areas to prevent waste buildup.	Medium	Easy
Organize community clean-up drives	Encourage residents, schools, and local organizations to participate in regular clean-up events.	Low	Easy
Start a recycling program	Provide separate bins for recyclable materials and educate citizens on proper waste sorting.	Medium	Medium

Use smart waste bins	Install bins with fill-level sensors to optimize collection routes and prevent overflowing bins.	High	Difficult
