------	-------------	-------

127.0.0.1:8000/docs#/AI/ask_question_ask_post

Upload a PDF document. The file is saved, text is extracted (falling back to OCR automatically if the PDF is scanned/image-based), chunked, embedded, and stored in ChromaDB so it can later be queried via /ask.

Parameters Cancel Reset

No parameters

Request body required multipart/form-data

file * required
string Choose File scanned_test_document.pdf
